

B. Weekly Progress & 3MT Video Presentation (30%)

Part 1: 3-Minute Video (3MT) Presentation (15%)

Evaluated by Industry and External Academia Panels

Criteria		PO	CP/ CA/ KP	Grad Attributes/ Taxonomy Level	Below Expectation	Between Acceptable to Outstanding	Outstanding	Score
1	Organization & Creativity <i>(3MT Video Flow)</i>	PO9		LS1	(0 - 1 marks) Often unclear and disorganized; rambled too much. The presentation was confusing and difficult to follow. Transitions between sections were awkward.	(2 - 3 marks) Not always clear or concise. Organization was adequate, but weak. Occasionally it wandered and was sometimes difficult to follow. Transitions usually coordinated	(4 - 5 marks) Consistently clear, concise, and well organized. The video storytelling was highly engaging, creative, and easy to follow. Transitions were seamless.	5
2	Topic knowledge <i>(Technical Depth)</i>	PO9		CTPS2	(0 - 1 marks) Displayed a poor grasp of the material. Demonstrated a superficial handling of content, application, and implications. Little depth of research.	(2 - 3 marks) Displayed some grasp of the material. Demonstrated adequate mastery of content, application, and implications. Research not very deep.	(4 - 5 marks) Displayed an excellent grasp of the material. Demonstrated good mastery of electronic engineering content, application, and implications. Good research depth	5
3	Visual Aids <i>(Video & Graphics Quality)</i>	PO5		CS4	(0 - 1 marks) Poor quality visual aids (or none), hard to read, technically inaccurate, poorly constructed. Poor coordination with content	(2 - 3 marks) Marginally acceptable, too complex, crowded, or difficult to interpret. Adequate coordination with content. Used only adequately.	(4 - 5 marks) Simple, clear, easy to interpret, and easy to read. Well-coordinated with content, well designed, and used very effectively. Excellent video production value.	5

Part 2: Supervisor Evaluation (15%)

Evaluated by IDP Supervisors

4	Weekly Progress Meeting (Consistency & Teamwork)	PO9			(0 - 1 marks) Poor attendance at weekly meetings. Team shows a lack of initiative, fails to provide consistent progress updates, and exhibits poor teamwork or project management.	(2 - 3 marks) Attends most weekly meetings and provides basic updates. Team requires some pushing from the supervisor to meet milestones. Adequate project management.	(4 - 5 marks) Highly proactive and consistent. Team attends all meetings prepared, provides structured weekly updates, and demonstrates excellent teamwork and timeline management.	5
5	Industry Involvement & Competition Submission	PO9			(0 - 1 marks) Zero to minimal effort made to seek industry feedback. Failed to submit the IDP prototype to any external or internal competition	(2 - 3 marks) Some effort made to consult with industry mentors or panels. Submitted the project to a competition, but the submission lacked polish or technical depth.	(4 - 5 marks) Actively engaged with industry experts, effectively applied their feedback to the prototype, and submitted a high-quality, professional entry to a recognized competition.	5
6	Poster Presentation	PO9		CS5	(0 - 1 marks) Poster is cluttered, visually unappealing, and lacks key technical details (schematics, results). Fails to effectively summarize the project.	(2 - 3 marks) Poster covers the necessary technical points but is somewhat text-heavy, overly complex, or visually uninspiring. Adequate communication of the project.	(4 - 5 marks) Professional layout with an excellent balance of text and graphics. Clearly and attractively communicates the electronic engineering design, methodology, and results.	5
